YOUR FAST AND RELIABLE CONNECTION TO CUBA

With Maersk Line as your shipping partner, you will benefit from:

- **First direct service to Cuba** with the fastest transit times in the market, connecting you from the main northern European ports to Mariel
- **Weekly feeder service** that connects you from Havana to Santiago
- **Cargo release at the port of Mariel**, bringing you closer to Mariel's special economic zone and logistical facilities
- **Best in class reliability** to ensure that your cargo arrives on time as expected
- **StarCare™**, our controlled atmosphere container, designed to enhance cargo quality and prolong shelf-life. It can carry bananas over longer distances for up to 45 days
- **My.maerskline.com**, our online self-service tool that allows you to book your shipments, track cargo, amend Shipping Instructions, and much more
- **Industry-leading CO² performance**, full transparency over supply chain impacts, and access to in-house experts ready to support your company's sustainability needs
